Editorial Policy

The Denka Report 2024 aims to communicate to stakeholders, including shareholders and investors, about what we have been doing to create new value over the medium to long term from the viewpoint of addressing environmental, social, and governance (ESG) issues. We also have a sustainability website to ensure that relevant information is disclosed in a comprehensive and timely manner.

Coverage

This report covers FY2023 (April 1, 2023, through March 31, 2024) in principle, but also includes additional information on some initiatives undertaken subsequent to the FY2023 year-end. The report also presents data on performance indicators (numerical) from the past several fiscal years. Date of publication: September 30, 2024

Scope

In general, this report covers topics related to the Denka Group's business sites within the scope of consolidation. However, some articles are based on data gleaned outside the scope of consolidation. These articles individually specify the organizations subject to reporting.

Guidelines

- The 2021 GRI Standards of the Global Reporting Initiative (GRI)
- The 2018 Environmental Reporting Guidelines of Japan's Ministry of the Environment
- The 2021 International Integrated Framework of the International Integrated Reporting Council (IIRC)
