Price revision for Denka Chloroprene (Denka CR)

Denka Company Limited will globally increase its sales price for chloroprene rubber, which is offered under the brand name of “Denka Chloroprene,” effective from October 1st, 2016.

The price increase is more than USD450 / EUR400 per metric ton. This price adjustment is necessary for Denka to maintain a stable supply of CR products.

We deeply appreciate the continuous support of our valued customers and understanding on the price revision.

Sincerely

Denka Company Limited
Elastomer Department
