## Donations to Individuals and Areas Affected by the 2024 Noto Peninsula Earthquake

Denka Company Limited wishes to offer our deepest condolences to family members, loved ones and friends of the victims of the 2024 Noto Peninsula Earthquake, and express our heartfelt sympathies to everyone who has been affected by the disaster.

We have pledged to donate ten million yen in relief funds to support the people who have been affected by the earthquake through the Japanese Red Cross Society and other entities.

Moreover, Denka has provided 6,520 COVID-19 antigen test kits manufactured by the company to Ishikawa Prefecture through the Japanese Promotion Council for Laboratory Testing's Major Disaster Control Committee and the Japan Association of Clinical Reagents Industries.

We wish to express our deepest respect for those who are engaged in relief and restoration activities, and we hope for a speedy recovery of the affected areas.
